Noise Canceling Headphones

DENON

ESCAPE to QUALITY SOUND

You can enjoy the ultimate in private listening enjoyment, with Denon's Compressed Audio Restorer and advanced noise canceling technologies that reduce outside ambient noise by up to 99%

Features

Key Features

- Reduces ambient noise by up to 99%^(*)
- Compressed Audio Restorer improves the fidelity from your portable audio player.

Compressed Audio Restorer restores high frequency harmonic components lost in the audio compression process.

- Radial Cascade Damper reduces cable transmitted vibration noise
- Acoustic Optimizer

Acoustic Optimizer achieves optimum acoustic characteristics by adjusting the sound pressure balance in front of and behind the diaphragm. It minimizes muffling in the low frequency range, reduces modulation effects in mid to high frequency range, and achieves a smooth response.

- Ergonomic design for best quality fit and increased comfort
- Hybrid material driver housing for highest fidelity sound reproduction

Other Features

- 13.5 mm drivers for clear, dynamic sound
- Canal-type in-ear headphone reduces external noise
- Lower power consumption permitting continuous use of 60 hours (Uses one AAA battery, easily available on the go)
- You can enjoy sound even when Noise Canceling is turned off
- 1.1 m Oxygen Free Copper cable with straight plug
- Gold-plated stereo mini-jack
- Extension cable: 0.8 m with L-type plug
- Comes with silicon ear pads in 3 sizes (S/M/L) for best quality sound and comfort
- Soft Foam ear pads for custom-fit comfort
- Convenient semi-hard shell carrying case
- Supplied carrying case that can be used as a display stand for a portable A/V player
- Connecting plug that is fully compatible with the Apple iPhone and iPod Touch

The carrying case doubles as a convenient stand for your iPhone or iPod Touch

Main Specifications

Impedance	70 ohms (power on)
Sensitivity	112 dB/mW (power on)
Maximum power input	100 mW
Battery life	(Approx.) 60 H (when an alkaline battery used)
Frequency response	5 - 25,000 Hz
Driver diameter	13.5 mm
Cable/plug	(Approx.) 1.1 OFC/ ø3.5 mm
Accessories	Carrying case x 1, Extension cable x 1 (Cable length: Approx. 0.8m), Airplane dual plug adapter x 1, AAA type battery x 1, Ear pieces (S/M/L size) x 1 (2 pcs/1 size), Foam ear pieces x 1 pair
