

5-Disc CD Auto Changer

DENON**DCM-380/280****High Performance CD Auto Changer with MP3 and HDCD Decoders.**

The DCM-380, a 5-disc carousel (sp.) CD changer equipped with HDCD and MP3 decoders, lets you not only enjoy regular audio CDs, but also HDCDs and MP3 encoded CD-R/RW discs. The DCM-380 and DCM-280 feature DENON's 5-disc changer mechanism for smooth, quiet operation.

MP3

DCM-280

■ HDCD Decoder (DCM-380)

HDCD represents encoding/decoding technology that drastically reduces digital recording distortion while retaining compatibility with the existing CD format.

■ CD-R/RW Playback

■ MP3 Decoder

The DCM-380/280 play finalized CD-R/RW discs containing MP3 audio files. When they are in MP3 format, a single CD-R/RW disc can contain up to 10 times more tracks than an ordinary audio CD. CD-R/RW discs containing a large number of MP3 files are ideal for use in long-play applications such as background music.

■ Advanced Multilevel Noise Shaping DAC

The DCM-380/280 features a Multilevel Noise Shaping DAC. This multi-level modulation powerfully removes the adverse effects of jitter, and because it is built into the output amp, a clean analog output with suppressed high-frequency interference can be directly obtained.

■ 8-Times Oversampling Digital Filter

Increasing the oversampling frequency by a factor of eight makes possible an extraordinary degree of attenuation and reduces frequency irregularities in the audio range to an absolute minimum.

■ Remote Control IN/OUT (DCM-380)

When the DCM-380 is cable connected to an amplifier or receiver that supports the Remote Control IN/OUT feature, you can operate the DCM-380 via the remote sensor on the amplifier or receiver. This feature is very handy when the DCM-380 is placed in another room.

■ Synchronized Recording Function

■ Full Selection of Program Playback

The DCM-380/280 lets you combine up to 32 tracks from the five or fewer CDs which are loaded.

■ 3-Mode Random Playback

Full Random / Program Random / Disc Sequential Random

■ Intelligent Disc Scan

The Disc Skip button can rotate the carousel tray clockwise or counter-clockwise when searching for a disc. (Counter-clockwise rotation is operable only by remote controller.)

■ 20-Selection Music Calendar Display

■ Coaxial Digital Output

■ Headphone Jack

Specification

■ Audio Section	DCM-380	DCM-280
Frequency response	2 Hz - 20 kHz	2 Hz - 20 kHz
Dynamic range.....	100 dB	98 dB
Signal-to-noise ratio.....	112 dB	108 dB
Total harmonic distortion ..	0.0025%	0.0030%
Channel separation.....	98 dB	96 dB
Line out level (Variable)	0.2 - 2.0 V rms	0.2 - 2.0 V rms
Digital Output	Coaxial	Coaxial

■ General (DCM-380/280)

Power supply	AC 120 V, 60 Hz
Power consumption	15 W
Dimensions	434 (W)x 115 (H) x 392 (D) mm 17.1" (W) x 4.5" (H) x 15.4" (D)
Weight.....	5.7 kg, 12.6 lbs
